

# TECHNICAL SERVICE BULLETIN

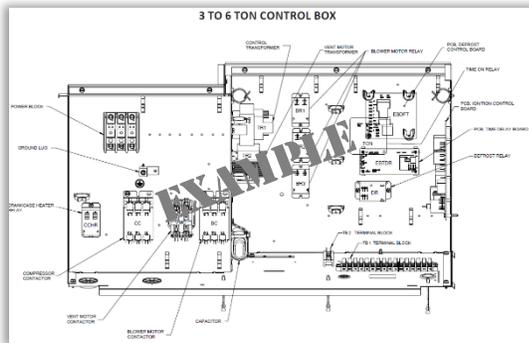

**TSB-OT-0009**

**Date:** May 17, 2021  
**To:** Internal, Sales, Distribution, and Sales Representatives  
**From:** Thomas Hicks, Product Specialist Daikin Technical Services  
**Subject:** **New Service Manual for Standard Efficiency Light Commercial Packaged Products**

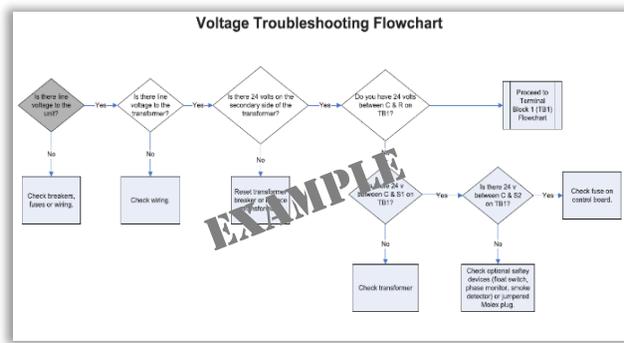

Daikin North America LLC is pleased to announce a new service manual for standard efficiency light commercial packaged products. This new manual (**RSD6412025**) will replace service manuals RSD6412021 and RSD6412023 and cover all fuels from 3-25-ton.

The new manual explains system operation, has diagrams for component locations within the various control boxes, troubleshooting flowcharts, and more. The manual can be viewed and downloaded [here](#) and is also located in [Daikin City](#)\*, [Daikin AC](#) or [Partnerlink](#).

### Labeled Control Box Drawings

### Easy to Follow Flowcharts

For further troubleshooting or technical assistance please utilize our technical call center at 1-800-Daikin1.
